

KIDS WORLD SCHOOL

SESSION – 2025 - 26

CLASS – V

ECO CLUB

Theme: Bond of Love with a Green Touch

Duration: 4 Days

Day	Activity Title	Activity Details	Learning Outcomes
Day 1	Waste to Wonder : Rakhi Edition	Students will create beautiful and eco-friendly rakhis using waste and recycled materials .	Through the Rakhi making activity using waste materials, students will learn the importance of recycling and sustainability while enhancing their creativity and appreciation for cultural traditions. This hands-on task will also help develop their fine motor skills and sense of environmental responsibility.
Day 2	My Eco Bag – My Style	Students will design and craft paper bags using recycled paper to encourage eco-friendly practices and reduce plastic use.	Students will understand the importance of using eco-friendly materials by making paper bags, encouraging sustainable and environment-friendly habits.
Day 3	Think, Draw, Save!	Students will create impactful posters and slogans to spread awareness about saving electricity, water, and food, promoting responsible resource usage.	Students will develop awareness and creativity to promote the conservation of electricity, water, and food through impactful posters and slogans.
Day 4	Green Gold From Waste	Students will prepare compost using vegetable peels and organic waste to understand the process of recycling biodegradable materials and promoting sustainable waste management.	Students will learn how to convert kitchen waste like vegetable peels into natural manure, promoting sustainable waste management and eco-friendly practices.
