Sr.No.	Activity	Teaching Pedagogy	Curricular Goals	Competency	Expected Learning Outcome
01	Knot Tying Activity	This activity is conducted through hands-on experiential learning where students are demonstrated different types of knots and practice them in groups.	The goal is to develop practical life skills, coordination, and awareness of basic navigation and outdoor activities.	It develops fine motor skills, problem-solving ability, observation, and hand-eye coordination.	Students will be able to identify and tie simple knots and understand their practical use in daily life and adventure activities.
02	Rangoli Competition	This activity is conducted through creative and collaborative learning where students design rangoli patterns based on navigation themes like maps, directions, and symbols.	The goal is to enhance creativity and introduce basic concepts of navigation and directional awareness.	It develops creativity, spatial thinking, teamwork, and artistic expression.	Students will be able to represent navigation ideas creatively through rangoli designs and understand basic directional concepts.

03	Cleanliness/ Swachhata Drive	This activity is carried out through participatory and experiential learning where students actively engage in cleaning their surroundings.	The goal is to promote hygiene, environmental responsibility, and civic sense among students.	It develops responsibility, teamwork, leadership, and environmental awareness.	Students will be able to demonstrate cleanliness habits and understand the importance of maintaining a clean environment.
04	World Tourism Day Celebration	The activity is conducted through experiential, collaborative, and activity-based learning where students participate in cultural presentations, quizzes, poster making, rangoli, and role-play as tourist guides to understand tourism themes.	The goal is to develop awareness about the importance of tourism, cultural heritage, and responsible travel while appreciating the diversity of India and the world.	It develops communication skills, creativity, cultural awareness, teamwork, and presentation skills among students.	Students will be able to understand the significance of tourism, identify important tourist places, and demonstrate awareness of preserving cultural and natural heritage through responsible tourism practices.
